Led by Coach Bill Armstrong, the Indians reached the CIF playoffs for the first time since 1976. They finished with a 14-8 record & 9-6 in the SBL, tied for second with Hemet. La Keith Black led the team in scoring, averaging 16.2 points in league. Boris King followed closely behind as both made 1st team All-League. Center Tee Williamson & forward Robbie Craig formed an excellent rebouding duo. Andy Martin was put at a guard spot midway through the year and added excellent defense. Clay Hall was first man off the bench & contributed good overall play. Together they formed an exciting ballclub which could beat any team. This was proven as the Indians upset #3 ranked Moreno Valley twice, the only league losses for them. King & Black's consistent play helped PS win 5 of their last 6 games including the final game, a 68-52 rout over Moreno, in which Boris rammed down two slam dunks. Their 1st round game was away against West Covina. Tee Williamson's dominating play in the 1st half kept PS close but when he fouled out in the 3rd quarter, West Covina slowly pulled away. The final score was 69-53. Although they lost, it was a very successful year and with only three seniors on the team, next year looks even better. Good Luck Boys!!

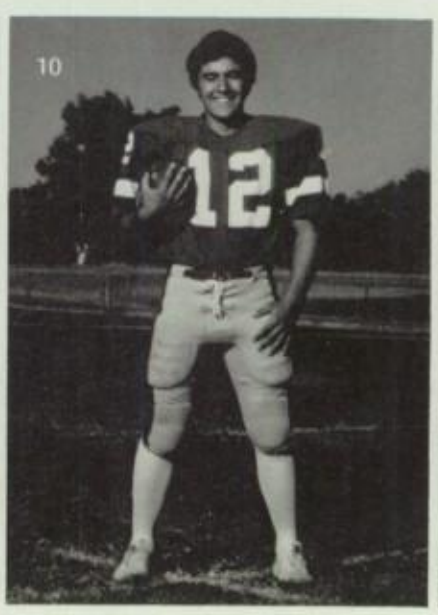
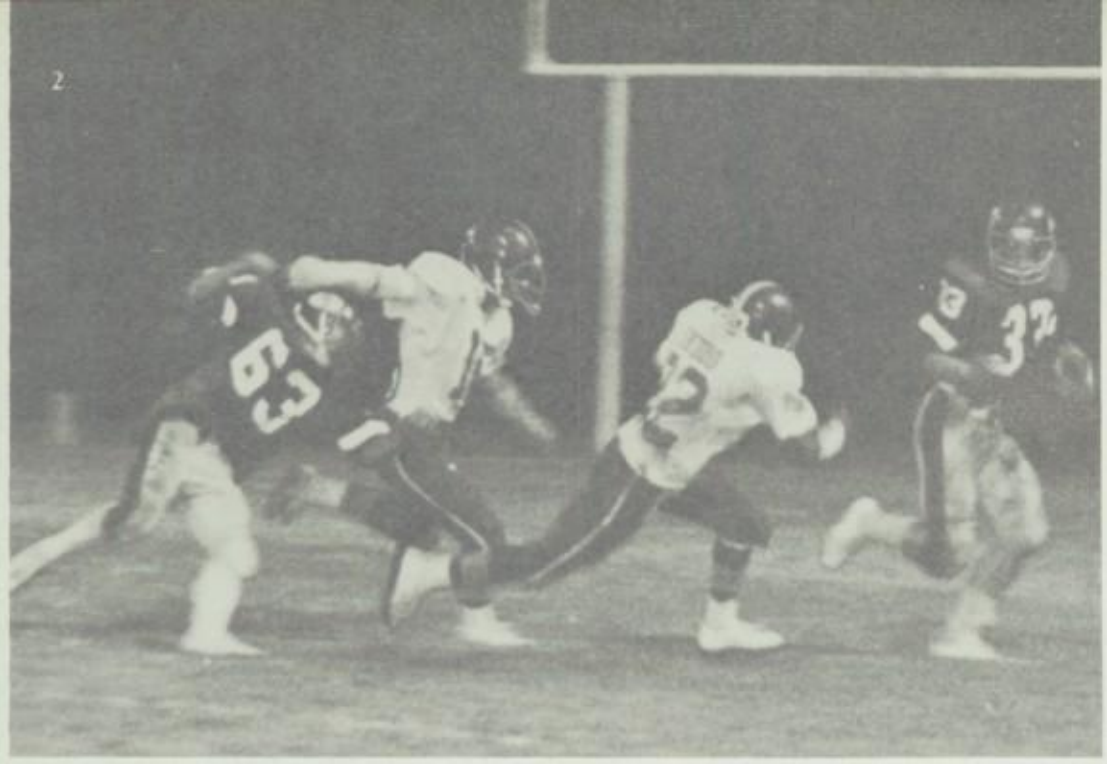
Varsity





The Indians came within one game and some controversial calls from their first C.I.F. appearance in seven years. Finishing the season at 4-6 overall and 2-3 in the Sunbelt league, the Indians showed their potential early by posting back to back wins over Coachella Valley, 37-20, and Indio, 14-13. Injuries then hit the team, knocking out key members of the offense and defense. Four straight losses were the result and C.I.F. seemed out of reach. But the Indians bounced back with an upset win over Norco, 32-27. George Smith led the way with another 100 yard plus game and 3 of his 11 T.D's of the year. They came back the next week with another upset win over Rubidoux, 13-7 to set up the finale with Moreno Valley for C.I.F. Palm Springs led 13-6 and heading for the lockeroom at halftime when the officials brought the team back for another play. Despite the arguments of Coach Gary Skinner and Assistant Coach Carlye Lyneis, the officials gave M.V. another play and they made the best, with a T.D. pass. They came back to score 2 more in the second half to give them a questionable 27-13 victory. Smith ended the year with over 800 yards rushing from his fullback position and teamed with Mark McPherson for an excellent running attack. David Martinex and Scott Hyso anchored the offensive line, while linebacker Rob Cormier, and defensive back, Terry Rodas excelled on defense. Mike Rivera and Jaimie McConnell shared the QB duties, throwing to top receivers Jeff Roberts and Craig Murrell.

Football

Coached by Chris Monica, the J.V. team finished with a 2-7 record. Injuries to many members of the Varsity squad forced them to bring up starters from the J.V. and left them undermanned. Victories came over Cochella Vally and Moreno Valley in the season finale, a 7-0 shutout. David Blevins and Tim Chappell shared the quarter backing duties.

We've Got Spirit

The 1980-1981 Pep Squad had a terrific year this school year. Not only did they boost school spirit tremendously, but the Songleaders placed forth in a large competition. The J.V. squad showed alot of school spirit as they led the sophomore class, who gave the seniors a run for their money in class competition. But the class of '81' ruled once more winning the spirit stick more times than any other class at the Pep Assemblys.

1. Aw, Memories. 2. The Songleaders, Jody Lake, Myrna Mendes, Delia Guevara, Julie Meaux, Joanne Zachik, Audrey Jones, Jill Watters, and Susie Zachik. 3. The J.V Cheerleaders, Kathy Mann, Danille Savin, Dana Merrick, Tina Soleki, Chris Daniels. 4. The Yellleaders, Marc Friedenberg, Steve Walton, Byron Mitchell, Butch Brucks, and Tracy Reyes. 6. The Varsity cheerleaders, Leslie Takvam, Julie Moore, Shiree Thompson, Shawn Allen, Amy Whittington, and Melinda Bell.

Smoke Signals

Every two weeks the students received a special treat, the school paper called ''Smoke Signals'' was published and passed around. (free of charge) The staff worked very hard to inform the students and faculty about the latest scoops around the campus and valley. Led by their advisor Robert Andrade, the staff compiled very interesting articles. Editor Robyn Ardies was always kept busy and Cathy Grofer did the typesetting. Brett MacHale was the associate editor.

1. Fall Semester Smoke Signals staff poised behind their Multilith Offset Press as the first issue of the high schools newspaper rolls off the press. 2. Spring Semester Smoke Signals staff gathers as the April Fools addition goes to press.

Chia Staff

The Chia staff worked very hard on the 1981 yearbook. Since school began until April 3rd they spent many hours, after school, weekends, and vacation days making layouts, cropping pictures and writing copy (like this) to get the school memories together in time before school was over. This year the staff was guided by advisor John McKee, who worked with his head editor Renee Smith. Renee spent many hours ''cleaning-up'' pages and helping the staff on their different sections. She said she would have never finished the book if it hadn't been for the rest of the staff and especially Remo Melucci, who was the head photographer. The rest of the staff typed, pasted pictures, sold advertisement, and did many different things.

3. The renound photographers and gofers of the yearbook staff. 4. The yearbook staff cooling off after a hot deadline. 5. Kymberli displays her lighting speed at copywriting between trips to the athletic field. 6. Tracy checking her points and picas. 7. Life is beautiful all the time, here on the crazy farm. Music Club

The music dept. at P.S. is run by two extremely talented men. Mr. Richard Reed runs the vocal dept. and Mr. David Caygill runs the instrumental dept. In the vocal area there were two main classes this year. The concert choir and the madrigal singers, but a girls glee and chorale class has been taught. Mr. Reed also teaches a guitar class. In the instrumental dept. there was many different classes. The concert band, marching band, and stage band were the most popular classes, but there was a class for string instruments only offered. For the past three years the choir students have traveled to Knott's Berry Farm and performed in the Festival of Lights, held during Christmas season. In the month of April the annual pop show was held and all music students performed in the popular show. The show was some what of a Broadway performance with popular songs of today, like Dolly Partons "Nine to Five", to the well loved songs of yesterday, like "Rock around the clock". All the performers in the show were students and not only did the audience enjoy their production, but they had a great time doing it.

The Old Days

The word Chia is a Spanish word derived from the Mayan language, which means strong or strenghening. In the Cahuilla Indian language the Chia sage is called Pasal. The name Salvia Columbariae was given to this plant of many wonders in 1835 by an English botanist, George Bentham.

Chia plants grow in the South-western regions of the United States and Mexico. They stand about three feet high, with one or two pairs of dark green leaves and one or two whorls of flowers, with six to eight blossoms to each plant. The plant grows primarily in the foothills and Yellow Pine belts below 4000 feet in a dry area.

The seeds from the Chia plant are small, slippery, grayish-brown, and are harvested in early summer. Each blossom contains about a half a teaspoonful of seeds. Some of the people that used the plant were Indians, Spanish, Mexicans, and early settlers. A teaspoonful of Chia seeds could provide a person with enough energy to keep going for a full day. The seeds may be used to neutralize brackish water converting the water into a refreshing, nourishing drink. This was done by putting a few teaspoonfuls of Chia seeds into warm, alkaline water. The seeds were also used in various kinds of teas and foods. The blossom of the Chia produces a clear honey. The ancient people of this region depended upon the Chia as a staple food. The Chia had been harvested and eaten even before corn. There are different sizes of Chia plants; the seeds of the miniature Chia were used by the natives as an eye treatment. They would sprinkle the fine seeds into their eyes at night. This helped to remove particles from their eyes and relieve irritation. The Chia plant is still being used today.

Perhaps the Chia is still working some of its past magic as it enabled the modern day version of the Palm Springs Indians to achieve many notable successes in 1980-81.

Fads And Fashions Of 1981

This school year has brought many new styles to Palm Springs High. We have had ''surfers'' with their O.P.'s, the ''Smart'' kids with their top siders, the new wave style brought in by the ''Punkers'', and the ''In'' kids with their designer jeans and La Coste shirts. Everyone seems to be getting a camero, or small truck and the hair styles are getting shorter, and last but not least are the good ol' Levi jeans. On this page are a few of these popular fads.
